JURY TO MAKE REPORT

St. Louis Municipal Scandal to Be Well Aired.

EVIDENCE OF THE "LEHMAN PARTY."

\$47,500 Alleged to Have Been Divided by Members of Assembly in Passing an Electric Lighting Bill.

St. Louis, Sept. 26.—At the request of Circuit Attorney Folk, Judge Douglas, in the criminal court, issued a subpoena duces tecum, commanding one of the employees of James Campbell, a well known broker, to bring into court two checks for sums aggregating \$47,000, said to have been drawn by him in favor of Ed Butler. Broker Campbell is out of the city.

These checks, one for \$27,000, the other for \$20,000, are dated Nov. 28, 1899, the day on which the lighting bill was passed for which Delegate Charles F. Kelly is said to have distributed \$47,500 to the house combine at Delegate Julius Lehmann's birthday party. Broker Campbell's employee will be asked to explain the issue for which the two checks were drawn.

John K. Murrell stated on his return from Mexico that at the birthday party \$47,500 had been distributed by Charles F. Kelly to the house combine, numbering 19 members, each receiving \$2,500. On this information Kelly and several other colleagues of Murrell were indicted. All are now charged with bribery, both in this case and in the suburban bill safe deposit case. The checks were traced by Folk after a thorough canvass of St. Louis banks. This canvass was recently made by a committee of the grand jury to save the banks the inconvenience of taking all their books before the grand jury. The checks were found to have been duly drawn, paid and returned to Campbell. The lighting bill was passed in the city council Oct. 27, 1899, and in the house of delegates on Nov. 28 following. Shortly after the passage of the bill by the house came the "Lehmann birthday party."

The grand jury report will be sent to the court next Monday and several boodle indictments are expected as a result of the findings. The grand jury convened Sept. 8 to hear the disclosures of Delegate J. K. Murrell that revealed the workings of the house of delegates' combine. The investigations of the jury, aided by Murrell's disclosures, have resulted in the indictment of 19 delegates and former delegates and the arrest of all but six of the number who are fugitives from justice.

Actress Abandons Contest.

Long Branch, N. J., Sept. 26.—The contest of Laura Bigger for the estate of Henry M. Brook, a Pittsburg capitalist, has been withdrawn. C. H. Hendricks, counsel for Miss Bigger, announced to the court that he desired to discontinue the contest. "My client," he said, "has signified her readiness to rest content with the provision made for her by the will." A representative of Peter J. McNulty, one of the heirs, stated that warrants were out for the arrest of Miss Bigger, C. C. Hendricks and Samuel Stanton, charging them with conspiracy. The two men were arrested and bail was fixed at \$5,000 in each case. Stanton is the justice of the peace who, it is alleged, he had married Miss Bigger to Mr. Bennett.

English Object to American Goods.

London, Sept. 26.—American manufacturing firms represented by branch houses and agencies in England deprecate the publicity they are constantly receiving in the press here and in consular reports. They prefer to conduct their business abroad without observation, and especially in England, where the power of the trades unions is great. Large lines of American manufacture are on the market without being advertised or known as imported goods. There would be outcries against them from trades union agitators if a substitution for British wares were known.

Butte, Mont., Sept. 26.—The followers of F. Augustus Heinze, who were denied seats in the Democratic state convention at Boscman, have held a mass meeting announcing that there would be launched an independent party consisting of Heinze Democrats, who are opposed to the party leadership of Senator Clark in fusion with the Populist and labor parties.

Brotherhood's President.

Atlanta, Ga., Sept. 26.—William D. Huber of Philadelphia has been re-elected president of the United Brotherhood of Carpenters and Joiners of the United States and Canada.

LEGISLATIVE AFFAIRS.

Two More Bills Introduced — Code Action Soon.

Columbus, O., Sept. 26.—The house held a short session and then adjourned until Monday afternoon. Two local bills were introduced, one by the speaker. The code committee had decided to establish police courts in all cities of the state having a population of 30,000 and over. Mr. McKinnon's bill is to provide that the city of Ashtabula, his home town, shall constitute a police court district, provides for an election of a police judge for a term of three years at a salary to be fixed by council. The bill was advanced to its second reading. Dr. Gehrett also introduced a bill to establish a special school district in Henry county. Mr. York offered a resolution to authorize the printing of 1,000 copies of the report of the code committee to be distributed among the members at least three days before action on the matter is begun, but this had already been arranged for except as to the time, and the resolution was withdrawn after debate.

On Monday the senate will vote upon the Nash code as amended and reported to the senate by the committee of the whole. The Democrats will seek to further amend the governor's bill on the floor by having all stricken out after the enacting clause and the substitute therefor of the York code.

DIPLOMATIC CHANGES.

General Shift Is Made by the State Department.

Washington, Sept. 26.—The following important diplomatic appointments have been announced from the state department: Charlemagne Tower of Pennsylvania, now ambassador extraordinary and plenipotentiary to Russia, to be ambassador extraordinary and plenipotentiary to Germany; Robert S. McCormick of Illinois, now ambassador extraordinary and plenipotentiary to Austria-Hungary, to be ambassador extraordinary and plenipotentiary to Russia; Bellamy Storer of Ohio, now envoy extraordinary and minister plenipotentiary to Spain, to be ambassador extraordinary and plenipotentiary to Austria-Hungary; Arthur S. Hardy of New Hampshire, now envoy extraordinary and minister plenipotentiary to Switzerland, to be envoy extraordinary and minister plenipotentiary to Spain.

Charles Page Bryan of Illinois, now envoy extraordinary and minister plenipotentiary to Brazil, to be envoy extraordinary and minister plenipotentiary to Switzerland; David B. Thompson of Nebraska, to be envoy extraordinary and minister plenipotentiary to Brazil. These appointments are to take effect when Ambassador White leaves Berlin in November.

No Signs of Settlement.

Lebanon, Pa., Sept. 26.—There is no sign of settlement of the strike at the American Iron and Steel company's plant. The modified offer of the striking employees includes the discharge of the southern negroes brought here to take their places and to this President Sternberg has so far refused to accede. It is rumored that Pinkerton detectives had arrived to investigate the promiscuous shooting, and they may cause the arrest of inmates of houses near the works and cause them to explain why pistol shots issued from their homes. There are now about 1,250 men and boys at work at the plant. The men remaining out number about 800. Soldiers are guarding the works and all is quiet.

Non-Union Men Quit Work.

Scranton, Pa., Sept. 26.—Quiet reigns in the Lackawanna region. There have been no repetition of disturbances. In and about Olyphant, where the Thirtieth regiment is encamped, the turbulence of the strikers seems to have exhausted itself in the rioting when James Winston was killed. Two or three more arrests have been made in the Winston case. As an effect of rioting 25 of the non-union men employed at the Delaware and Hudson's company's Grassy Island, Eddy Creek and Olyphant No. 2 collieries quit work. Twenty-one men employed by the Ontario and Western company also quit. They told their foremen that they were afraid to continue working.

Injunction to Stop Marriage.

Scranton, Pa., Sept. 26.—A temporary injunction has been secured by a resident of this city restraining his daughter from marrying a clerk in a New York dry goods store. The father declares the girl is not yet 20 years old and that he will not give his consent to the proposed marriage. The license already had been taken out when the injunction was served.

M. E. Conference.

Zanesville, O., Sept. 26.—The ninety-first annual session of the Ohio M. E. conference is being held here with Bishop Fitzgerald presiding.

INTEREST IN ADVANCE

Secretary of Treasury Endeavors to Increase Circulation.

PAYMENT AT THE SUB-TREASURIES.

Two Months Will Be Granted In Which Anticipated Interest Will Be Paid From the Treasury. Details of Plan.

Washington, Sept. 26.—The secretary of the treasury has made public announcement that he will buy five per cent bonds of 1904 at 105 flat. There are \$19,400,000 of these bonds outstanding.

Owners of registered bonds desiring prepayment must present their bonds to the treasurer or some assistant treasurers of the United States, who will stamp upon the face of the bonds the fact of such prepayment, and return them to the owners with the interest for periods above mentioned, less the rebate. National banks owning bonds deposited with the treasurer of the United States to secure circulation or deposit may obtain prepayment upon application to the treasurer of the United States. The bonds so held on interest is prepaid will be stamped as above indicated. Coupons maturing upon the dates included in this circular may be presented for prepayment at the office of the treasurer of the United States or any assistant treasurer. In calculating the amount of rebate to be allowed any fractional part of a month will be reckoned as a full month and the rebate for such fractional part of month calculated as a full month will be retained by the United States. Prepayment under this circular will begin Wednesday, Oct. 1, 1902, and continue until Nov. 30, 1902, but prepayment of interest on registered bonds from the loans of 1904, 1905 and 1906 will not be made while the books of those loans are closed.

Safe Blowers Gag Police.

Youngstown, O., Sept. 26.—A gang of burglars blew the safe of the Beechwood Improvement company of South Sharon, Pa., and secured \$400 in cash. After robbing the safe, the men, four or five in number, were seen by Policeman Newton Stamp, whom they overpowered, bound and gagged. George Haynes, another policeman, was knocked down and tied to a post, and Policeman Saylor kept up a running fight with the men for some distance, but they escaped. At the Colonial Trust company's bank a ladder was found up to a window, but no attempt at robbery had been made.

Funston on Army Canteen.

Washington, Sept. 26.—Brigadier General Funston, in his annual report of the department of the Colorado, declares that the recent anti-canteen legislation of congress has lowered the discipline of the army, ruined scores of good soldiers and enriched saloon keepers, gamblers and dissolute women. His report announces a deplorable increase in offenses, particularly desertion, attributed to the abolition of the canteen and garrison life restrictions of men returning from field service.

More Battles in South America.

Rio Janeiro, Sept. 26.—Several battles have been fought in the territory of Acre between the revolutionists under Galvez and the Bolivian forces. The fighting took place on the banks of the river Acre. It is reported that Colonel Romero, commandant of the Bolivian forces, was executed several weeks ago. Various Brazilians are accused of being concerned in the revolution. The intention of the leaders appear to be to start a new republic in Acre.

Storms on Cape Nome Coast.

Seattle, Wash., Sept. 26.—Nome has been storm swept again with the loss of two lives and heavy damage to shipping. The dead are: Captain Basil Danieloff, and Captain John Slater, master and mate of the schooner Good Hope. The vessel was lost. Both bodies were recovered. The storm came on Sept. 17, the anniversary of the gale which swept Nome harbor in 1900, doing great damage to shipping.

Washington, Sept. 26.—President Roosevelt has signed the order providing for the taking of a census of Philippines in accordance with the terms of the Philippine act passed last session of congress and upon certificate of the Philippine commission that the insurrection has been suppressed.

Troops in Macedonia.

Salonica, European Turkey, Sept. 26.—The militia forces have been called out and troops are being dispatched into the interior of Macedonia.

BUDDHIST ISSUES PLEA.

Asks That Ancient Shrines Be Not Desecrated.

Los Angeles, Cal., Sept. 26.—Anarallah Dharmapala, Buddhist representative in America, has just arrived in Los Angeles from Ceylon en route to London. He has addressed a communication to the American people. The address states that the Buddhist officials in Ceylon are about to desecrate the shrines in Anuradhapura, which is to the Buddhists, as great as Mecca is to the Mohammedans or Jerusalem to the Christians. As it has received the homage of five hundred millions of people in its two thousand two hundred years and the destruction of this shrine would work a religious convulsion throughout all Asia.

He charges the British with despotism and vandalism and appeals to American citizens to assist in preserving their shrines and their religion which he says they love more than gold.

The same official has issued a letter to Joseph Chamberlain, secretary of state for the colonies, asking the support of England in righting affairs.

President Still Improves.

Washington, Sept. 26.—The condition of President Roosevelt's injured limb is considered satisfactory by his physicians. There has been no appreciable variations in his temperature. The inflammation around the wound is slowly subsiding. The president has sat up some and attended to some executive business. Secretary Cortelyou and the Whitehouse force is employed in explaining to committees in places in which the president was to have visited on his western trip the keen regret which the president experienced on being obliged to abandon his journey. To some of these letters the president is giving his personal attention.

Pope to Issue Letter.

Rome, Sept. 26.—The publication of a pontifical bull on the apostolic constitution of the Philippines is imminent. It will indicate the general object and aims of Archbishop Gule's mission to Manila. In his letter to Governor Taft he said he was glad he had been chosen to co-operate with him in the pacification of the islands and hoped to be able to count on his assistance. One of the first projects of the archbishop is the establishment at Manila of two seminaries to educate the native clergy which are destined ultimately to replace the foreigners. These seminaries will be entrusted to a religious order which has not hitherto been represented in the archipelago.

Case Against Farm Co.

Columbus, O., Sept. 26.—Attorney General Sheets has brought quo warranto proceedings in the circuit court in which he seeks to have the American Farm company, incorporated under the laws of New Jersey, stopped from doing any business in Ohio. The petition of the attorney general has attached many of the circulars which, he says, the company has been distributing among the farmers of Ohio. It is charged that the concern is not a legitimate one. The petition also attacks the concern upon the anti-trust law.

\$25,000,000 Increase.

Chicago, Sept. 26.—It was announced on good authority that a \$25,000,000 increase is to be made in the capital stock of the Chicago, Milwaukee and St. Paul railroad. It is supposed that the increased capitalization is for the purpose of acquiring Senator Clark's rights in a road which is planned for construction between Salt Lake City and Los Angeles. The St. Paul lines with the Gould roads gives this combination a route to Salt Lake, and the connection with Senator Clark's project will give the St. Paul an outlet to the Pacific coast.

Refused the Oath.

Manila, Sept. 26.—The transport Sheridan has arrived here. She called at the island of Guam and brought here 25 political prisoners who took the oath of allegiance to the United States. Mabini, the former president of the Filipino supreme court, and Filipino minister of foreign affairs, refused to take the oath and were kept prisoners at Guam. No decision has been arrived at regarding Mabini, but he will probably be left at Guam indefinitely.

Victory Now Complete.

Trenton, N. J., Sept. 26.—Justice Van Sickle of the court of errors and appeals has filed a written opinion in the United States Steel corporation case, recently decided by the court in the corporations favor. The opinion holds that the procedure issued by the corporation carrying out the conversion plan was fully authorized by the general corporation act. This is a complete victory for the United States Steel corporation.

NO TREATY VIOLATION

Protest Against Landing Marines in Panama Futile.

FREE TRANSIT FROM SEA TO SEA.

United States Guaranteed Neutrality of Isthmus by Treaty of 1846 Under Which Troops Are Now Operating.

Washington, Sept. 26.—In regard to the protest against the landing of the American marines on the isthmus made to Commander McLean of the Cincinnati by Governor Salazar of Panama, on the ground that the Colombian government has ample force to protect the lives and property of foreigners, it is pointed out here that the governor's argument takes in only half of the main treaty obligations with regard to the isthmus, assumed in the convention of New Grenada, signed in 1846, by the United States and Colombia. The dominant factor which influenced the landing of the marines were the obligation which the United States took upon itself by the treaty of 1846 in these words: "The United States guarantees positively and efficaciously to New Grenada by the present stipulation the perfect neutrality of the before-mentioned isthmus with the view that the free transit from the one to the other sea, may not be interrupted or embarrassed in the future time, while this treaty exists."

Furthermore in respect to the governor's reported declaration that he considered the landing of the United States naval force at attempt to assume the sovereignty of Colombia, attention is directed to this declaration in the same paragraph of the treaty: "The United States also guarantees the rights of sovereignty and property which New Grenada has and possesses over the said territory."

AMERICAN IMPERIALISM.

South American Country Fear United States Attitude to Colombia.

Buenos Ayres, Sept. 26.—The Prisma Press, a daily paper of this city, publishes a very violent article calling attention to the alleged tendency of the United States towards imperialism, which it says is illustrated by the landing of American marines in Colombia, and protests energetically against it. The paper says the United States "does not exercise any political protection over South America which would never accept European or North American intervention in its affairs." The Prisma concludes with saying that the Argentine government should make an inquiry into the matter and find out the real character of the aims of the United States, so as to inaugurate a diplomatic movement and prepare for defense and destroy the idea of the possibility of any intervention.

Minneapolis, Sept. 26.—The trial of former Superintendent of Police Fred W. Ames, charged with having extorted \$15 from a woman of the town, has begun. County Attorney Boardman said he would prove that Ames had made an official tour of the tenderloin district and notified the women not to pay any more money to Irwin A. Gardner, now under conviction for bribery. Subsequently he said Ames sent word around that the monthly payment to the police was to be made at the pawnshop of one Cohen. Each was to place her money in a numbered but otherwise unmarked envelope.

Admitted Disobediences.

Nantes, France, Sept. 26.—Commandant Leroy Ladurie of the Nineteenth Infantry, who, as announced Aug. 18, was placed under arrest for refusing to obey an order to aid in closing unauthorized schools, has been tried by courtmartial and dismissed from the service. Ladurie admitted the charge of disobedience, but declared that his conscience forbade him to participate in anti-religious measures and evicting women, which he did not consider to be duties of the army.

Turkish Troops in Pursuit.

Constantinople, Sept. 26.—Three hundred Bulgarian revolutionists who were surrounded by Turkish troops in the Villayet of Salonica, succeeded in forcing the cordon after a sanguinary fight. Both sides suffered severe losses. Reinforcements of troops have been sent in pursuit of the Bulgarians.

Military Called.

Vienna, Sept. 26.—It is announced that as a result of the revolt of peasants in the district of Badadeny, Hungary, the military were called upon to suppress the disorder and fired a volley, killing four persons and wounding others.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
 Proprietors.
 SATURDAY, SEPTEMBER 27, 1902

WEATHER FORECAST—For Kentucky, fair in west, showers in east portion to night; cooler. Sunday, fair, cooler.

A SYSTEM of locks and dams in the Ohio would enable the 15,000,000 or 20,000,000 bushels of coal now in the Pittsburgh harbor to be put on the market in a few days. But it will have to await a rise as things now are.

THE action of Dr. McCormack, Secretary of the State Board of Health, in entering the home of a citizen of Bowling Green by subterfuge, and forcibly removing the family, including a sick and weakly child, to a small tent improvised as a pest house, deserves the severest condemnation. That this tent was not a proper place to confine even persons in robust health was demonstrated the night following the outrage, when the sick child and its parents were drenched by the rain. If the father of this child had used a shotgun in defense of his home, no jury of fair-minded Kentuckians would have done anything with him.

MUST BE STOPPED.

High-Handed Methods of State Board of Health Strongly Censured.

The Porter Outrage at Bowling Green Should Arouse the People to Action.

[Louisville Commercial] The Porter case in Bowling Green is one that must arouse the people of Kentucky to the high-handed methods of the Health Board. Mr. Luther R. Porter and his wife were forcibly seized in their own home, without any warrant, while an injunction against their removal was still in force, and dragged to a tent called a "pest house" and left there to be drenched in the rain of night before last. The whole proceeding was lawless, and should be dealt with as such. Even if the injunction had been set aside in proper form at Bowling Green, neither Dr. McCormack nor any other doctor has any right to commit such an outrage as this removal of a sick child, at this season of the year, to an exposed tent to be left there in a rain storm.

One of the most esteemed physicians in Kentucky said to The Commercial that the removal of the Porter child exposed the community to infection more than would its continued isolation in its father's comfortable home. And he added that he would have killed Dr. McCormack before he would have submitted to such treatment had he been in Mr. Porter's place. If Mr. Porter had brought a gun into play he would have been saved this outrage, and possibly would have saved his daughter's life. For McCormack would then have very promptly fallen back on the processes of the law, where Mr. Porter's attorneys could have protected him.

The action of the health officers was on a par with the threatened quarantine of Kentucky against Indiana. It was not the intelligent exercise of reasonable prudence to prevent danger to the public health, but a mere pig-headed persistence in forcing an arbitrary ruling that it had made, and would not rescind. The action of the health officers was insolent and brutally oppressive, and if it is in accordance with any statute, that statute is opposed to the principles of the Constitution.

The people of Kentucky can not afford to pass over this second exhibition of reckless tyranny that the Health Board has given within so short a time. The civil and personal rights of the citizens of Kentucky are completely ignored by these doctors, and the people are tired of them and their methods. The next Legislature should fix limitations to their antics, and in the meantime, Mr. Porter and his friends should take their own protection into their own hands.

[Louisville Post] The Evening Post asks special attention to-day to the Porter case; to the statement of Mr. L. R. Porter and to the statement from his attorneys, Messrs. Sims and Grider.

Here surely is a most serious condition of affairs. No father or mother can read the statement from Mr. Porter without feelings of great indignation. But further no citizen can read of such proceedings without realizing that here in the nineteenth century a new state has arisen in the midst of society more tyrannical than the state of the Middle Ages, and equally violent and reckless.

The plea that all this arbitrary exercise of physical force clothed with the

garments of law is for the good of all concerned is the plea of the Middle Ages: "Curse your souls and bodies and come up and be blessed."

Mr. Porter is one of the best-known men in the State. No lawyers have a higher position than Judge Sims and his partner, Mr. Grider.

These proceedings were largely lawless, though the law is bad enough.

Let us understand what the law permits and what the health officers do outside the law. Then we shall know what laws to repeal and what officers to punish. The assumption that health officers are a law unto themselves must not be accepted for a moment. Health is a good thing, public health is a matter of great importance, but these things can surely be secured without destroying for our wives and children the protection the American home was established to secure.

If such arbitrary power has by accident or intention been conferred on any police or health officer, it cannot be too soon withdrawn.

The public must be protected from epidemic, but the public health has been well protected in the past without destroying the home.

Our homes are created for the protection of the health, especially for the protection of children when they are weak and helpless. If now the State can invade these homes and take the children away from their parents, because the children are suffering with small-pox, or diphtheria, or scarlet fever, or tuberculosis, then the whole structure of modern society rests on a delusion, and the boasted liberty of the individual has vanished.

The Oxford News editor very truthfully says: "A great many people find the local paper a good thing when it favors them personally, but when it comes down to returning the favor when it is within their power, many of them are missing. Too many people would use a paper and its editor as a tool to prod the feelings of their enemies and create discord otherwise. Don't expect the editor to say something for you that you yourself would not write down and sign your name to it."

MISS ROSE OWENS,

No. 720 Seventeenth St., WASHINGTON, D. C.

"If every suffering woman has the same experience with Wine of Cardui that I had, your medicine will be most popular. About a year ago I began to have a worn out tired feeling with lassitude, pains in the back and head which kept increasing every month. I felt that I needed something, but to get the right medicine was the trouble. I finally decided on your Wine of Cardui and only needed to take three bottles when I was fully recovered."

Miss Rose Owens.

WHEN Miss Rose Owens, who has a responsible position in the Government service at Washington, D. C., decided to try Wine of Cardui, she made a wise choice. Over a million women have been relieved of female weakness by this same Wine of Cardui. It is not a strong medicine but may be taken every day in the year by any woman with benefit. It does not force results, but corrects derangements of the menstrual organs. It strengthens the nervous system, gives tone to the bodily functions, acts directly on the genital organs, and is the finest tonic for women known to the science of medicine.

If you are a suffering woman we would say to you that Wine of Cardui seldom fails to completely cure any case of female ills. We say emphatically, it never fails to benefit. Every day hundreds of sufferers are writing to our Ladies' Advisory Department. The letters are opened by persons competent to give advice. Mrs. Jones was cured by following the advice which was freely given her by the Ladies' Advisory Department. Miss Owens was cured without advice by just buying a \$1.00 bottle of Wine of Cardui from her druggist and taking this great medicine in the privacy of her home. No doctor's examination, treatment or advice is necessary. You have read what these two cured women have written. Is this not enough to lead you to determine to be rid of suffering?

August 13, 1900, Mrs. W. H. Jones, of Cameron, Mo., writes: "I suffered terribly at monthly periods for three years. I would sometimes go for seven months with no flow at all. Now I have my health back again and am expecting to be confined in January. I cannot praise your medicine enough."

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

THE REGAL BEAUTY Of BLACK GOODS.

Was never more fully appreciated than it is this season and the most effective advertisement we can write is—

Come and See!

Our Black Goods alone would make a stock large enough for a fall opening. It is wonderful the change that can be rung in weaving black. From the many we will choose five for detail.

CHEVIOT—England made, close even looming, good weight, but not clumsy. Its blackness is like Hermasdorf's dyeing. We can safely say this Cheviot is worth 75c. Price, however, is 50c. Width forty inches.

ETAMINE—Semi-transparent, something like flag bunting, but weightier. Nothing newer or more sought. Fifty-four inches wide \$1.

MOHAIR—A black beauty that shines like a mirror. Fearless of dust, ideal for traveling and pretty enough for wear on any occasion. 75c. yard.

RAINETTE—Abhors water, won't tolerate it an instant. Dustless as well. Fifty-four inches. A dollar and a half fabric for \$1 yard.

CHEVIOT AGAIN—This too had its birth in England. The best of the kind we ever handled. \$1.50 value lodges in every yard. Width fifty-four inches—notice that. \$1 yard.

SOLIEL—A popular black fabric that is becoming as well-known here as serge. Forty-eight inches wide—high finish. \$1 yard.

There, our promised five has run into six and the trouble is to stop short of sixty so prolific is this stock of black.

and OVERCOATS!

The styles, qualities, and not the least important, "the price," will please.

"Young Men," before buying your Fall Suit see our Stein Bloch, Adler and Garson Meyer Suits and Overcoats. Our best dressers testify to their merit. The only way to distinguish them from the general run of custom work is that they have more snap and style to them.

Said a gentleman who does business in Cincinnati, and whilst here bought a Stein Bloch Overcoat from us: "Mr. Hechinger, I do not find garments like these in Cincinnati clothing houses."

Always on the look out for merchandise that enables us to give the most for the least money, we have secured the agency for the celebrated Faultless Shirt, the best dollar shirt in the world. We want you to see them.

ANNOUNCEMENT.

FOR CIRCUIT JUDGE. We are authorized to announce FRANK P. O'DONNELL as a candidate for Circuit Judge, subject to the action of the Democratic party.

There's some apprehension that the corn that has been cut may sour and spoil in the stock this warm wet weather, there being so much sap in the stalk. There is general comment on the slowness with which the crop cures.

CALLED TO OWENSBORO.

Rev. H. E. Gabby to Take Pastoral Charge of the Walnut Street Baptist Church, That City.

Rev. H. E. Gabby, who has been located for some time at Newport, Ark., has accepted a call from the Walnut Street Baptist Church of Owensboro, Ky., and will enter upon his work October 1st.

The Walnut Street Church has a membership of 460 and is one of the leading churches of Owensboro, one of the best and most enterprising cities in Kentucky. Mr. Gabby is a son of Mr. and Mrs. Wm. Gabby, of this city, and his many friends will be glad to learn he is meeting with success in the ministry. He married Miss Lizzie Trouts, a daughter of Mr. and Mrs. William Trouts, of Market street, a year or so ago.

A GOOD MOVE.

Steps Taken Friday to Organize a Company to Promote the Construction of Electric Railways.

In response to an invitation from the Board of Trade, a number of representative citizens of Maysville and Mason County met at the Cox Building Friday to take steps looking to the organization of a company to promote the construction of a system of electric railways for the county. The meeting was well attended, and the universal sentiment was that something should be done along this line.

An organization was effected by the election of Hon. A. K. Marshall as Chairman and Mr. Joseph F. Walton as Secretary. Mr. Marshall, on taking the chair, stated he was heartily in favor of any movement looking to the development and improvement of the city and county, and he was satisfied that electric railways would bring about a wonderful change.

President Dulev of the Board of Trade was called to the floor and explained the object of the meeting, stating among other things that at the solicitation of some citizens of the county he had called the convention in order that a concerted move might be inaugurated. Brief addresses were made by Mr. Marshall, Mr. R. B. Lovel, Mr. Flarity, Mr. Walton, Dr. J. M. Freese, Dr. Edwin Matthews, Mr. Evan Lloyd, Judge Newell and M. F. Marsh, and others made suggestions as to the best plan to be adopted.

The meeting resulted in the adoption of a motion giving the Chairman authority to appoint a committee of five to arrange the preliminaries looking to the organization of a promotion company, to obtain rights of way over the leading turnpikes of the county from the Fiscal Court and to open correspondence with capitalists. The committee will be announced by Mr. Marshall.

The meeting then adjourned until County Court day in October at 1:30 p. m.

The statement was made by one of the speakers, who has inside information on the subject, that the Lexington and Paris electric line, on which work will soon commence, would eventually be extended to Maysville, that such was the intention of the company.

The thirtieth annual reunion of the National Association of Veterans of the Mexican war was held at Paris Thursday. H. T. Ogden, of Cincinnati, was unanimously elected permanent President; J. C. Carlton, of Bedford, Ind., Secretary, and Captain Jesse Woodruff, of Lexington, Treasurer. The President-elect, H. T. Ogden, of Cincinnati, is connected with the publishing house of Robert Clarke & Co. He is a native of Nicholas County, Ky.

All water rents are due October 1st and are payable at the office of the company for six months in advance. If not paid by Oct. 20th, the attachment will be disconnected.

John Sparks, one of Robertson County's old citizens, died the past week. He was the father of Mr. Charles W. Sparks of this county.

HUNTERS MUST PAY LICENSE

If They Go Over Into Ohio After Game. Annual Fee of \$25 is Required.

The hunting season in Ohio is near at hand, and residents of Kentucky who are accustomed to go gunning in that State should be apprised at the existence of a law, effective May 1st, 1902, requiring non-resident hunters to pay an annual fee of \$25 for permission to hunt in the State.

It is necessary for all non-resident hunters to carry this license with them, to be exhibited upon demand of the game warden or any officer of the law. Each day's hunting without a license constitutes a separate offense, and the number of birds which may be taken out of the State by any one hunter within a week is fifty.

Miss Elizabeth Roser is teaching the school at Tuckahoe.

The late rains started all the creeks and branches running, furnishing plenty of stock water.

"I feel as if I should fly to pieces." How often those words are on a woman's lips. They express to the uttermost the nerve racked condition of the body, which makes life a daily martyrdom.

If this condition had come suddenly it would have been unbearable. But the transition was gradual. A little more strain each day on the nerves. A little more drain each day of the vitality. Any woman would be glad to be rid of such a condition. Every woman tries to be rid of it. Thousands of such women have been cured by Dr. Pierce's treatment with his "Favorite Prescription" when local doctors had entirely failed to cure.

"Favorite Prescription" contains no opium, cocaine or other narcotic.
